New Brunswick production of *Come From Away* is set for summer of 2025!

Saint John, NB - The smash-hit Broadway musical *Come From Away* will be presented this summer for the first time ever in a fully local, New Brunswick production. With a stage full of homegrown talent, Fredericton born Broadway star Tony LePage will co-direct and reprise his Apple TV+ role in the show.

In an exciting collaboration, Fredericton's Rogue Productions, the Saint John Theatre Company, and the Kingsbrae International Residence for the Arts are joining forces to present this unforgettable story in a way that's deeply rooted in the talent and spirit of New Brunswick.

Come From Away shares the incredible story of the 7,000 air passengers from all over the world who were stranded in Canada during the wake of 9/11, and the small Newfoundland community that invited these 'come from aways' into their lives with open hearts. This heartwarming musical, inspired by real-life events, celebrates the power of kindness, community, and human connection in the face of unexpected challenges.

Husband and wife team Tony and Courtney LePage of Rogue Productions are set to co-direct this landmark event alongside renowned Music Director, Michael Doherty.

"We are thrilled to be the first New Brunswick company to locally produce *Come From Away*, celebrating our vibrant arts community", says Courtney. "It will be theatre made by East Coast Canadians, for East Coast Canadians."

Tony says, "Being in the cast of *Come From Away* on Broadway changed my life in every imaginable way, and I cannot wait to share this inspiring story with my home province - the people and place that gave me my start."

In this production, a cast and crew from across the province will come together to celebrate East Coast Canada's rich musical traditions, warm, welcoming nature and the recognition that we are all part of a larger global family. From local actors and musicians to the creative minds behind the

scenes, this show will be a true celebration of what makes this province so unique.

“This isn’t just about putting on a show—it’s about coming together as a community to tell a story that resonates with us all,” adds Stephen Tobias, Artistic Director, Saint John Theatre Company. “And it’s extra special to bring it to life with so many talented individuals from right here in New Brunswick.”

Whether you see the show surrounded by nature at the picturesque KIRA Amphitheatre in Saint Andrews, or the intimate atmosphere of the historic Imperial Theatre in Saint John, get ready to experience a joyous story that is a true celebration of hope, humanity, and unity.
