National Theatre Live is Coming to the BMO Studio Theatre

SAINT JOHN, NB – The Saint John Theatre Company is proud to announce the launch of an exciting new series as part of our 2025–2026 season. We are honoured to bring **National Theatre Live** to the **BMO Studio Theatre**, offering local audiences the chance to experience world-class productions from London’s famed National Theatre—without ever leaving town.

National Theatre Live is Britain’s boldest theatrical outreach initiative. It captures major stage productions live from the National Theatre and other prominent UK venues and broadcasts them to cinemas and venues across the globe. Theatre lovers can enjoy spectacular productions featuring acclaimed actors and award-winning performances in the inviting atmosphere of the BMO Studio Theatre.

"This is just one example of how our programming is evolving to accommodate a broader range of theatre tastes," says Stephen Tobias, Artistic Director of the Saint John Theatre Company. *"This arrangement with National Theatre Live has come after prolonged discussions with The National theatre in London and Cineplex who have helped make this possible."*
