SAINT JOHN, NB – FOR IMMEDIATE RELEASE

## ARC Season 9 Subscriptions Now on Sale

The Atlantic Repertory Company (ARC) is back for another season of bold, intimate theatre at the BMO Studio, with three exciting professional productions for the 2026-2027 season.

Season 9 features a Pulitzer Prize-winning drama, an acclaimed one-woman play inspired by the life of Billie Holiday, and a fresh, funny, and deeply human reimagining of a Chekhov classic starring Canadian theatre icon Daniel MacIvor.

### **DOUBT, A PARABLE**

*By John Patrick Shanley | October 28–31, 2026*

Directed by Samantha Wilson and featuring Mary-Colin Chisholm, Shawn Wright, Caroline Bell, and Kirsten Alter, this Pulitzer Prize-winning drama explores suspicion, morality, and power. Tense and thought-provoking, it keeps audiences questioning what is true until the very end.

### **LADY DAY AT EMERSON'S BAR & GRILL**

*By Lanie Robertson | February 24–27, 2027*

This award-winning one-woman play brings audiences into one of Billie Holiday's final performances. More than a musical tribute, it is a moving piece of theatre where music, memory, and storytelling reveal the woman behind the legend.

### **VANYA**

*By Simon Stephens, starring Daniel MacIvor | April 14–17, 2027*

Presented in partnership with Highland Arts Theatre and directed by Wesley J. Colford, this bold solo adaptation of *Uncle Vanya* blends humour, heartbreak, and hope in an intimate exploration of what it means to be human.

Three-show subscriptions are \$145 (\$118 Student). Subscribers save more than 10% compared to purchasing single tickets, get first choice of seats before individual tickets go on sale, and receive discounts on other professional events in the BMO Studio Theatre.

Single tickets to the ARC Series go on sale August 4.

**For more information, or to purchase subscriptions, visit [www.atlanticrep.ca](http://www.atlanticrep.ca) or call 506-652-7582.**

Funding for the ARC season is provided by Canadian Heritage, Arts and Culture NB, BMO, and the Pannell Family Foundation.
