Joel Miller Brings His Jazz and “Joul Music” to the BMO Studio

Saint John, NB – Award-winning saxophonist and composer Joel Miller brings his jazz, grooves and unexpected musical twists to the BMO Studio Theatre on October 9, joined by Jason Flores and Jon Bailey.

Miller was recently nominated for **two Music/Musique NB Awards**, Champion of the Year and Recording of the Year, adding to an already acclaimed career as a jazz musician and composer.

The October 9 performance will mix jazz favourites with playful takes on songs you might not expect to hear in a jazz setting, including *Hotel California* and Harry Styles’ *As It Was*. The trio will also give audiences a first listen to brand-new material from Miller’s next recording project, music he’s calling “Joul Music” as it takes shape.

It’s an evening that moves between jazz, pop and new material, with three musicians bringing plenty of energy and room for a few surprises along the way.
